

# DAYN AUGUSTSON

7623 Pioneer Trail NE, Alb. NM 87109  
505-379-4747  
day.m.augustson@gmail.com

## **PROFESSIONAL SUMMARY**

I have 24 years of experience in designing, documenting, building, testing, and maintaining hardware systems. I would like to apply my expertise in the field as well as continue in a challenging and progressive career.

## **EXPERIENCE**

- |  |                                       |                 |
|--|---------------------------------------|-----------------|
| 04\2010 – 12\2017  | <b>Primecore, LLC</b>                 | Albuquerque, NM |
| <i>Designer/ Engineering Technician</i>  |                                       |                 |
| <ul style="list-style-type: none"><li>• Used AutoCAD to create fabrication drawings and documentation for the technical department.</li><li>• Worked with Electrical and Software Engineers to design specialized electrical racks/chassis, custom cables, PCB layouts.</li><li>• Reverse engineered products that lacked sufficient documentation.</li><li>• Mentored assembly technicians and provided ongoing assistance to support success.</li><li>• Assisted technicians with fabrication when strict deadlines challenged the schedule.</li><li>• Documented engineering change notices and schematic build modification changes.</li></ul> |                                       |                 |
| 06\2000 – 11\2009  | <b>National Technical Systems</b>     | Albuquerque, NM |
| <i>Technician Manager</i>  |                                       |                 |
| <ul style="list-style-type: none"><li>• Provided skilled work in the design, assembly, installation, repair, operation and maintenance of electronic equipment and systems.</li><li>• Provided engineering recommendations for improvements to prototype system designs.</li><li>• Designed PCB board layouts using industry software.</li><li>• Provided manufacturing and technical support for the Boeing Balance Stand Project.</li></ul>  |                                       |                 |
| Fall/1994 – 06/2000  | <b>Electronics Technical Services</b> | Albuquerque, NM |
| <i>Supervisor of Production Engineering</i>  |                                       |                 |
| <ul style="list-style-type: none"><li>• Supervised start-up electronics manufacturing for new contracts and existing product lines.</li><li>• Programmed and developed operations for CSM pick and place machines.</li><li>• Defined quality assurance controls for projects.</li><li>• Built first article circuit boards following schematics and project specific requirements.</li><li>• Wired complex one of a kind chassis.</li><li>• Managed projects to meet deadlines and ensure client satisfaction.</li></ul>   |                                       |                 |

## **EDUCATION**

- University of New Mexico, Psychology/Sociology. Senior Year
